

## **POWER AFFIRMATIONS**

I am taking care of myself in a way that feels good to me for the highest and the best of all!

As I care for myself, I multiply my positive impact on my world.

I am so grateful for the abundance that I am creating in my life!

I am supported, I am on the right path and I trust that it is all unfolding for my good and the good of all.

As I live from my values, I inspire others with Love.

There is power within me that is far greater than anything I may face.

I am confident, joyful and alive!

I enjoy easily manifesting all I am meant to have, do and be!

I am worthy, loved and cherished!
